

TimeTraxbio

ONE-TOUCH TIME AND ATTENDANCE TRACKING

The **TimeTrax Bio** Time and Attendance System from Pyramid offers one-touch operation, instantly identifying an employee by their unique fingerprint. Employees punch in and out at the terminal with the swipe of a finger for indisputable time and attendance data. The software records a template of each employee's fingerprint, and associates that template with the corresponding ID number. The use of biometrics makes it impossible for one employee to clock in or out on behalf of another – the practice known as "buddy punching." Those lost minutes account for lost dollars.

- **Punch IN and OUT with a swipe of a finger**
- **Prevents costly buddy punching**
- **Eliminates swipe cards, badges, and paper time cards**

Pyramid
Time Keeping Made Simple

TimeTrax^{bio}

TimeTrax Bio at a Glance

- 75-employee capacity, upgradeable to 150
- Utilizes fingerprint-scanning to eliminate buddy punching
- No more swipe cards, badges, or paper time cards
